

PROJECT ACCEPTANCE & SIGN-OFF CERTIFICATE

Project Name: NAS Design & Construction
Website Development

Project URL:nasdesignconstruction.com

Certificate Date:April 6, 2026

Document Reference:CERT-2026-001

DECLARATION OF COMPLETION

This document serves as formal certification that the initial website development project for NAS Design & Construction has been successfully completed, deployed, and delivered in accordance with the agreed- upon specifications and requirements.

PROJECT DELIVERABLES — STATUS: COMPLETE

The following deliverables have been fully executed and are now live in production:

- | | |
|---|--|
| ✓ Custom website design and frontend development | ✓ Complete structural implementation and page architecture |
| ✓ Website deployment to production environment | ✓ Domain registration and DNS configuration |
| ✓ Professional email setup and configuration | ✓ Initial content integration and optimization |
| ✓ Cross-browser and mobile responsiveness testing | ✓ Final quality assurance and client review |

PHASE TRANSITION

This certificate formally concludes the **Development Phase** of this project and marks the official transition into the **Maintenance Phase**, as governed by the separate Maintenance & Management Agreement effective from the domain purchase date.

CLIENT ACCEPTANCE

By signing below, NAS Design & Construction confirms that:

- ✓ The website has been reviewed and inspected in its entirety
- ✓ All deliverables meet the agreed-upon specifications
- ✓ The Development Phase is hereby accepted as complete and satisfactory
- ✓ The project is approved for closure and transition to ongoing maintenance
